Why Attend? Tackling Our Community's Challenges: Kamloops is facing a multitude of crises, from economic uncertainty and homelessness to safety concerns and mental health issues. The Finding A Way Forward project is a beacon of hope, striving to bring neighbors, friends, and residents together to address these challenges collectively.

Keynote by Alfred Achoba: Gain valuable insights from our distinguished guest speaker, Alfred Achoba, the Executive Director of the Canadian Mental Health Association. His expertise will shed light on mental health issues and inspire meaningful conversations around finding solutions.

Building Bridges, Not Walls: We believe in the power of open dialogue and healthy conversations. Our goal is to facilitate the sharing of knowledge, experiences, and perspectives, fostering a stronger, more connected community.

A Collaborative Approach: The Finding A Way Forward project is not just an event; it's a journey. Through ongoing video and audio podcast series, we aim to keep the community informed and engaged, creating a space where everyone can contribute to the collective understanding of the challenges we face.

Towards a Documentary Film Series: Imagine a documentary that captures the essence of our collective efforts. Together, we're working towards creating a documentary film series that not only benefits our community but serves as a valuable resource for others facing similar crises.
